REPORT ON MATA SURAKSHIT TAR GHAR SURAKSHIT ABHIYAN
10th October 2022
Theme of 2022:
"MOTHER IS SAFE, HOME IS SAFE"

INTRODUCTION:

Shree Saraswati College of Nursing, Tondavali organized **mata surakshit tar ghar surakshit abhiyan** with a view to complete women's health check-up.

Health department in the state from navratri festival about 3,44,42,551 women have been examined so far under the campaign "mata safer tar ghar safer" launched through out of the total number of women in the state, 73.8% of women's health check-up has been completed so far. Sources of the health department said that women have responded in large measure to this campaign of the health department.

AIMS AND OBJECTIVES:

For this campaign, a total of 4, 66, 67,555 women have been registered and out of them 3,44,42,551 women have been examined in the state. In terms of percentage, this figure is 73.8%, which is the total of rural and district level under the health department have been examined, while 66.8% of the women have been examined in the municipal sector in the urban sector.

SERVICES AND PROGRAMME DETAILS:

41,406 women have been registered as suspected cancer patients and they will be given further tests and treatment as required, sources in the health department said. Similarly, around 26,823 women were found to be suffering from heart disease while 18,453 women were found to have symptoms of uterine and oral cancer. Health minister TANAJI SAWANT said that this campaign will continue till the health checkup of all women in the state is completed.

It is planned to diagnose high risk mothers and women in the camps and provide them with treatment and referral services as per requirement and health checkup and surgery of maximum number of women will be done. During this period, expert camps will be organized under the human development program and services are also being provided through the Bharari team in the villages that come under their jurisdiction.

Screening and counseling programs are being planned under the National Child Health Program in coordination with Department of women and child welfare. Similarly, sonography test and dental and medical camps are also being organized in many places. A large number of women's health is being checked with the help of ASHA volunteers in Anganwadi's in coordination with the Department of Women and Child Development.

PROGRAMME DETAILS

To initiate step forward program was organized in college campus, deep prajwalan was done by medical officer of Kasarde PHC, Principal Mrs. Shakuntala Nagraj and other staff members of PHC and college teaching staffs were present. The main emphasize of the program was to initiate heath check up of womens in the society.

Nursing students of Shree Saraswati College of Nursing, Tondavali done with health check up and they move forwarded for the campaign in community setting with PHC team to do participate in campaign, to do social services, and to achieve goal. So students of our college went to the field for 10 days and learnt many things during campaign and they started to do assessment of women's health. It was a good opportunities for them to explore again and again. A health team members appreciated students dedications and their services what they have done to the society. They covered nearby villages of kankavali Taluk.

The events were organized by the faculty: OBGY department in collaboration with NSS Unit celebrated **mata surakshit tar ghar surakshit abhiyan** in first and second week of October 2022, Shree Saraswati College of Nursing, Tondavali.

This whole event coordinated & guided by Mrs. Shakuntala Nagraj **Principal**, Shree Saraswati College of Nursing, Tondavali.
